- (2) those which are derived from the *IDD Regulation*.

COBS 9A.1.6

G

For the purposes of *COBS 9A.1.5R*, if a *rule* implemented a requirement of the *IDD* or is derived from the *IDD Regulation*, a note ("**Note:**") to that effect follows the relevant *rule*.

Section : COBS 9A.2 Assessing suitability: the obligations

COBS 9A.2.1

R

When providing *investment advice* or *portfolio management* a *firm* must:

(1) obtain the necessary information regarding the *client's*:

- (a) knowledge and experience in the investment field relevant to the specific type of *financial instrument*, *insurance-based investment product* or service;

[Note: first paragraph of article 25(2) of *MiFID*, first paragraph of article 30(1) of the *IDD*]

COBS 9A.2.2

G

Firms should undertake a suitability assessment not only when making a *personal recommendation* to buy a *financial instrument* or an *insurance-based investment product* but for all decisions whether to trade, including making any *personal recommendations* about whether or not to buy, hold or sell an investment.

COBS 9A.2.3

G

Where a *firm* providing a *portfolio management* service makes a recommendation or request, or provides advice, to a *client* to the effect that the *client* should give or alter a mandate to the *firm* that defines the limits of the *firm's* discretion, that recommendation, request or advice should be considered a recommendation for the purposes of *COBS 9A.2.1R*. A *firm* should therefore undertake a suitability assessment in relation to any such recommendation, request or advice.

COBS 9A.2.3A

R

When proposing an *insurance-based investment product* a *firm* must ensure it is consistent with the *client's* insurance demands and needs.

[Note: recital 44 to, and second paragraph article 20(1) of, the *IDD*]

(2) obtain from the *client* such information as is necessary for the *firm* to understand the essential facts about the *client* and to have a reasonable basis for determining, giving due consideration to the nature and extent of the service provided, that the specific transaction to be recommended, or entered into in the course of providing a *portfolio management* service:

Insufficient information: MiFID business and insurance-based investment products

COBS 9A.2.14

G

Although a *firm* may not be permitted to make a *personal recommendation* or take a decision to trade because it does not have the necessary information, its *client* may still ask the *firm* to provide another service such as, for example, to arrange a deal or to deal as agent for the *client*. If this happens, the *firm* should ensure that it receives written confirmation of the instructions. The *firm* should also bear in mind the *client's best interests rule* and any obligation it may have under the *rules* relating to appropriateness when providing the different service (see COBS 10A (Appropriateness (for non-advised services in relation to MiFID and insurance-based investment products provisions))).

The *firm* should have regard to any applicable suitability *rules* in *MCOB*.

Switching: MiFID business

COBS 9A.2.18

R

When providing *investment advice* or *portfolio management* to *retail clients* that involves switching investments, either by selling an instrument and buying another or by exercising a right to make a change in regard to an existing instrument, a *firm* must collect the necessary information on the *client's* existing investments and the recommended new investments and undertake an analysis of the costs and benefits of the switch, such that they are reasonably able to demonstrate that the benefits of switching are greater than the costs.

Switching: insurance-based investment products

COBS 9A.2.18A

R

When providing a *personal recommendation* in relation to an *insurance-based investment product* that involves switching between underlying investment assets a *firm* must also collect the necessary information on the *client's* existing underlying investment assets and the recommended new investment assets and must undertake an analysis of the expected costs and benefits of the switch, such that it is reasonably able to demonstrate that the benefits of switching are expected to be greater than the costs.

[Note: article 9(7) of the *IDD Regulation*]

Adequate policies and procedures: MiFID business

- (1) it understands the nature and features, including the costs and risks, of the *investment services* and *financial instruments* selected for its *clients*; and
- (2) while taking into account cost and complexity, it assesses whether equivalent *investment services* or *financial instruments* could meet its *client's* profile.

Guidance on assessing suitability: MiFID business and insurance-based investment products

G

(1)

A transaction may be unsuitable for a *client* due to the risks of the associated *financial instruments*, the type of transaction, the characteristics of the order or the frequency of the trading.

(1A)

An *insurance-based investment product* may be unsuitable for a *client* due to the risks of the underlying investment assets, the type or characteristics of the product or the frequency of switching of underlying investment assets.

(2)

A series of transactions, each of which are suitable when viewed in isolation may be unsuitable if the recommendation or the decisions to trade are made with a frequency that is not in the best interests of the *client*.

(3)

In the case of *portfolio management*, a transaction might be unsuitable if it would result in an unsuitable portfolio.

[Note: recital 9 to the *IDD Regulation*]

Investments subject to restrictions on retail distribution: MiFID business and insurance-based investment products

COBS 9A.2.22

G

(1) *Firms* should note that restrictions and specific requirements apply to the retail distribution of certain *investments*:

(a) *non-mass market investments* are subject to a restriction on *financial promotions* (see *section 238* of the *Act* and *COBS 4.12B*);

(b) *restricted mass market investments* are subject to a restriction on *direct offer financial promotions* (see *COBS 4.12A*);

(c) *mutual society shares* are subject to specific requirements in relation to *dealing* and arranging activities (see *COBS 22.2*);

(d) *contingent convertible instruments* and *CoCo funds* are subject to a restriction on sales and on promotions (see *COBS 22.3*).

(e) [deleted]

(2) A *firm* should be satisfied that an exemption is available before recommending an *investment* subject to a restriction on distribution to a *retail client*, noting in particular that a *personal recommendation* to invest will generally incorporate a *financial promotion*.

(3) In addition to assessing whether the promotion is permitted, a *firm* giving advice on an *investment* subject to a restriction on distribution should comply with their obligations

in **COBS 9A** and ensure any *personal recommendation* is suitable for its *client*.

(4) In considering its obligations under **COBS 9A**, a *firm* purchasing an *investment* subject to a restriction on distribution on behalf of a *retail client* as part of a discretionary management agreement should exercise particular care to ensure the transaction is suitable and in the client's best interests, having regard to the **FCA's** view that such *investments* pose particular risks of inappropriate distribution.

(5) A restriction on promotion does not affect a transaction where there has been no prior communication with the *client* in connection with the investment by the *firm* or a person connected to the *firm*. Nonetheless, if promotion of an *investment* to a *retail client* would not have been permitted, then the discretionary manager's decision to purchase it on behalf of the *retail client* should be supported by detailed and robust justification of his assessment of suitability.

Automated or semi-automated systems: MiFID business

COBS 9A.2.23

R

A *firm* that provides *investment advice* or *portfolio management* services (in whole or in part) through an automated or semi-automated system remains responsible for the suitability assessment required by this section. That obligation is not affected by the use of an electronic system in making the *personal recommendation* or decision to trade.

Automated or semi-automated systems: insurance-based investment products

COBS 9A.2.24

G

For the avoidance of doubt, a *firm's* responsibility to perform the suitability assessment in accordance with **COBS 9A.2.1R** and **COBS 9A.2.16R** is not reduced where a *personal recommendation* on *insurance-based investment products* is provided in whole or in part through an automated or semi-automated system.
